

Mrs. Reimer's Newsletter

Tuesday and Thursday- 3 and 4 year old.

June Newsletter 2017

We are nearing the end of school already, time is really flying by, for me and probably for you and your family.

We have learned many skills this year such as sharing and communicating with each other, I see such growth and wisdom in your children, it has been a wonderful year!

June in our classroom we will explore under the sea and discover different animals that live there.

Happy Father's Day to our special men in our lives, we will be talking about you, and how much we are blessed to have you in our lives.

Our last day of school will be June 20 please join us in celebrating our final day, I will be handing out their memory books.

Please join us at 10:30 am to say good bye!

Have a blessed summer!
