AMA DRIVER EDUCATION. SKILLS FOR LIFE.

Safety and Education for Your Teen

There's nothing more important to you than your teen's safety and security — it's the most important thing to us as well. In fact, for over 77 years, we've helped ensure that over 880,000 students have developed safe driving skills.

We're thrilled that your school recognizes this and is allowing us to offer your teen access to our innovative Online New Driver Program that will give them the skills to become a confident, safe, and proactive driver for life. And to say “thanks,” for telling you about our online program, we'll pay your school \$15 to spend however they choose for every student that registers through this page.

Our online course includes these benefits: *Sample Video 1: Learn How to Parallel Park*
