

STAFF APPRECIATION

thanksgiving sign

Thank you for your kindness, CCS Parents!

grazing boxes

This fall, many parents, as well as the CCS Society sought to show the staff and teachers of CCS how much they are appreciated. On the last day of school before Thanksgiving, led by the Elementary School Council Chair, parents gathered on the front lawn of the school to surprise the teachers with a large message of gratitude. Teachers were instructed, over the intercom, to look outside and were greeted by waves, cheers and applause.

To further the outpouring of gratitude, Society and parent volunteers partnered to create grazing boxes for the staff of both campuses. Items were donated by CCS parents and the project was facilitated by Society Staff. Personalized and hand written cards and messages by CCS parents and students topped off each box. CCS staff reported that they were touched by the gift and felt truly appreciated.
