

GR. 7 SKILLS DAY

Skills Canada Alberta presented junior high students across the province with the opportunity to partake in a Skills Exploration Day, virtually on December 1, 2021. A group of Grade 7 CCS'ers took on the challenge; tasked with inventing a new sport, modifying an existing sport to be more inclusive, or creating an assistive sporting device. They were given a toolbox and skill kit to use that is to remain at the school and support CCS programming.

From the Skills Canada Alberta website:

The purpose of Skills Exploration Days is to:

- Inspire Junior High students to identify inherent skills and interests.
- Connect students' skills and interests to trade and technology careers through interactive, hands-on experiences that promote creativity, empathy, and exploration.
- Promote trade and technology careers as a valuable and rewarding career choice.
