

Calgary Christian School Students – Community Builders, Justice Seekers, Good Humans.

Here is just a sampling of the good that CCS students are working on currently and have done lately:

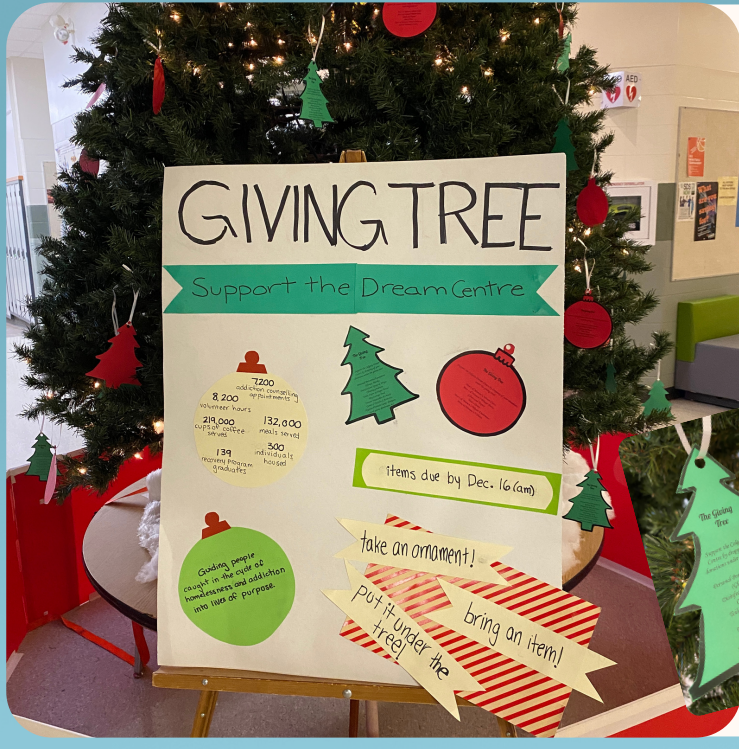

GR. 3 FOOD DRIVE

From Grade 3 teacher, Mr. Bird and Mrs. Steinke: Students lead a school-wide initiative to collect food to fill the Emmanuel Church Food Pantry. God provided and faith was built as the food poured in. Students prayed that God would bring in an "abundant harvest", and he answered their prayers beyond what they could have imagined. Students from all three Grade 3 classes carried over bags and bags of non-perishable groceries. The Emmanuel Church Food Pantry shelves were filled with food and household goods to last months. The lessons taught on sowing seeds, blessing others, and true JOY through being generous givers, was genuinely experienced by the students through this incredible opportunity.
