

Mr. Currie giving tours

### Mr. Currie says:

The first ever Culture Builders Open House has come to a close, and by all accounts it seems to have been a huge success. This morning we talked about how difficult it must have been for Jesus (and others) to feed 5000 given what a stampede it was to give out pizza and candy in our own halls! Students will spend the week unpacking the significance of this event as they analyze the result of their experiments for "What will increase a sense of purpose and belonging here at the high school campus?" as they learn that their voice matters, but it takes work to be heard.

## Culture Builders Open House

This was a self-directed event to showcase the new Grade 7-8 Community Builders course. Stations throughout the school allowed students opportunities to develop their thinking and skills relating to citizenship, community building and motivation. Mr. Currie also gave tours to families wanting to see the work in progress. Plenty of fun, and treats, were had by all.
