

# NEW DIRECTOR Hopes to Bridge the Gap

The CSCE Board welcomes Danny Ross to serve as director on the Board for a three-year term, ending in 2026.

"I am grateful for God's provision and believe that my experience has equipped me to serve effectively on the board," said Danny Ross.

Danny was elected by the members at the May 23 Annual Society Meeting. Approximately 200 people attended the meeting held at the Calgary Christian School Elementary Gymnasium.

Danny has been actively involved with CCS since 2018. As a professional engineer he has had the privilege of serving diverse teams from around the world and gained valuable experience in collaborating with individuals of different backgrounds and opinions. "I hope to help bridge any gaps, and to continue to build connections in our community," he said.

Danny is passionate about helping and serving. As a parent he is deeply invested in his children's academic success and well-being.

Society Board members are elected individuals who are passionate and skilled to provide leadership and see that the mission and vision of Calgary Christian School is realized.
